

THE WHIMSICAL PILLOW CASE

Supplies needed:

Body of pillowcase: $\frac{3}{4}$ yard

Pillow case border: $\frac{1}{4}$ yard

Accent Band: 2 $\frac{1}{2}$ inches strip of contrasting fabric

Directions:

Lay .25 yard x 42" of fabric facing right side up.

Place .75 yard x 42" fabric facing right side up on top of the .25 yard, matching the top raw edges.

Place the accent band (folded in half wrong sides together and pressed) on top of the first two pieces, keeping all raw edges even.

Pin all layers

Roll the .75 yard of fabric up from the bottom to the top, stopping short of the pinned area.

Fold the bottom raw edge of the .25 yard to meet the top raw edges, and re-pin all raw edges together. The .75 yard is inside the tube.

Sew a .5inch seam. Pull the fabric out of the tube. Press the contrast band of the pillowcase. Square the sides of the pillowcase. Fold in half, right sides together, matching raw edges and sew .5" seam along bottom and side. Zig Zag stitch around the raw edges or use a serging machine to finish off the edges.

Turn pillow right side out, press and ENJOY!!!
